

SYMPOSIUM 6: The evolving landscape of biosimilars in the world: Barriers to uptake and priorities for real-world evidence generation

Moderator

Nicole Pratt, Quality Use of Medicines and Pharmacy Research Centre, University of South Australia, Australia

Professor Nicole Pratt is the Deputy Director of the Quality Use of Medicines and Pharmacy Research Centre, University of South Australia, Fellow of the International Society of Pharmacoepidemiology (FISPE). She is an expert in biostatistics specialising in development of methods to study the effects of medicines and medical devices in large linked healthcare datasets.

Speakers

Nicole Pratt, Quality Use of Medicines and Pharmacy Research Centre, University of South Australia, Australia

Professor Nicole Pratt is the Deputy Director of the Quality Use of Medicines and Pharmacy Research Centre, University of South Australia, Fellow of the International Society of Pharmacoepidemiology (FISPE). She is an expert in biostatistics specialising in development of methods to study the effects of medicines and medical devices in large linked healthcare datasets.

Ian Wong, The University of Hong Kong, Hong Kong

Debra Rowett, Southern Adelaide Local Health Network, Australia

Professor Rowett, Discipline Leader Pharmacy, Clinical and Health Sciences, UniSA and Director, Drug and Therapeutics Information Service (DATIS), Southern Adelaide Local Health Network. Debra is the current President of the Council of Pharmacy Schools: Australia and New Zealand. Debra serves on a number of local and state advisory committees including the Drug Utilisation SubCommittee of the Pharmaceutical Benefits Advisory Committee. Her research focuses on actively delivering services which support medicines and therapeutics decision making to optimise the outcomes from medicines and minimise the harms. She is Chief Investigator on numerous grants including the Commonwealth Department of Health Value in Prescribing Program: Biological Disease Modifying Anti-Rheumatic Drugs (bDMARD). Debra has worked extensively in the area of quality use of medicines, inter-professional practice, health policy and workforce development in Australia and internationally.

Ylenia Ingrasciotta, The University of Messina, Italy
