

# Posters for Presentation at ACPE10

Paper Number	Paper title Presenter	Posterboard number
<b>ADR</b>		
200	<b>Differences in clinical features according to the causative drugs in patients with dress syndrome</b> Da Woon Sim, Chonnam National Hospital, South Korea	1
201	<b>Bleeding-related hospital admissions and 30-day readmissions with dabigatran versus warfarin in patients with nonvalvular atrial fibrillation</b> Wallis Lau, The University of Hong Kong, Hong Kong	142
202	<b>'Real-world' hemorrhagic rates for antithrombotics using a self-controlled case series design</b> Prasad Nishtala, University of Otago, New Zealand	143
203	<b>High-risk non-steroidal anti-inflammatory drug (NSAID) prescribing in primary care: Results from a developing nation</b> Mei Fong Lim, Ministry of Health, Malaysia	144
204	<b>Non-steroidal anti-inflammatory drugs and risk of first hospitalization for heart failure: A population-based case-crossover study</b> Sung-Po Huang, National Taiwan University, Taiwan	145
205	<b>Outcomes of re-exposure to iodinated contrast media in patients with moderate to severe iodinated contrast media hypersensitivity reactions</b> Dong-Yoon Kang, Seoul National University Hospital, South Korea; Min-Gyu Kang, Chungbuk National University Hospital, Korea	2
206	<b>Statin use and risk of new-onset diabetes in hypertensive patients: A population-based retrospective cohort study in mainland China</b> Hailong Li and Siyan Zhan, Peking University Health Science Center, China;	146
207	<b>Selective prescribing and estimation of risks and benefits of statins in aged care services</b> Jenni Ilomaki, Monash University, Australia	147
208	<b>Effects of cilostazol and renin-angiotensin-aldosterone system (RAS) blockers on the progression of renal disease in diabetic patients</b> Sukhyang Lee, Ajou University, South Korea	148
209	<b>Impacts of FDA safety warning and introduction of new class medications on treatment outcomes in patients with type 2 diabetes</b> Kai-Cheng Chang, Linkou Chang Gung Memorial Hospital, Taiwan	149
210	<b>Development and validation of algorithms to identify drug-induced anaphylaxis in the Beijing pharmacovigilance database</b> Ying Zhao, Peking University Health Science Center, China	3
211	<b>Comparing strategies to monitor for a potential association between teriparatide and adult osteosarcoma</b> Kirk Midkiff, RTI Health Solutions, United States	150
212	<b>Design considerations for developing smartphone app-based side effect monitoring systems for patients taking oral anticancer medications</b> Eskinder Eshetu Ali, National University of Singapore, Singapore	151
213	<b>Use of epinephrine in patients with drug-induced anaphylaxis: An analysis of the Beijing pharmacovigilance database</b> Ying Zhao, Peking University Health Science Center, China	152
214	<b>Sequence symmetry analysis of pharmaceutical benefits scheme data for signal detection in the setting of therapeutic goods regulation in Australia</b> Clare King, Therapeutic Goods Administration, Department of Health Australia, Australia	153
215	<b>Liver injury in the treatment of tuberculosis (TB): Evidence from a tertiary hospital in china</b> Minfu He, Janssen Research and Development, China	4
216	<b>The long-term use of biologics in Hong Kong patients</b> Kenneth Man, University of Hong Kong, Hong Kong	5
217	<b>Assessment of drug – drug interactions in prescriptions received by renally challenged patients</b> Mary Shanthi, Vikas College of Pharmaceutical Sciences, India	6
218	<b>Incidence of adverse drug reactions of oral hypoglycemic agents in a tertiary care hospital</b> Kiron Sadanandan, Academy of Pharmaceutical Sciences, India	7
219	<b>Risperidone exposure and the risk of osteoporosis-related fractures</b> Eric Clapham, Uppsala University, Sweden	8
220	<b>Risk of intussusception after rotavirus vaccination: A systematic review and meta-analysis</b> Yifan Zhou, Peking University, China	9
221	<b>Assessment of adverse events following immunization following pentavalent vaccination to children in Warangal City India</b> Prashanth Palakurthy, Talla Padmavathi College of Pharmacy, India	10

Paper Number	Paper title Presenter	Posterboard number
222	<b>Live vaccine administration to immunocompromised patients: Use of active surveillance data to enhance vaccine signal investigation</b> Angela Gowland, Therapeutic Goods Administration, Australia	11
223	<b>Gender differences in hypoglycemic drug-induced acute myocardial infarction</b> Shi Heng Wang, China Medical University, Taiwan	12
224	<b>Pattern of potential drug-drug interactions and adverse drug interactions associated with pharmacotherapy in patients with cardiac arrhythmias</b> Sri Harsha Chalasani, M S Ramaiah University of Applied Sciences, India	13
225	<b>Profile of adverse drug reactions in neurology wards: Prevalence, preventability and reporting</b> Maheswari Eswaran, Ramaiah University of Applied Sciences, India	14
226	<b>Reports of adverse events associated with intravenous immunoglobulin</b> Pakawadee Sriphiromya, Ministry of Public Health, Thailand	15
227	<b>A systematic review on the safety and efficacy of naltrexone for amphetamine and methamphetamine users</b> Lam Lam, The University of Hong Kong, China	16
228	<b>Association of CD4+ T cell counts after HAART and its correlation with opportunistic infections in Indian HIV patients</b> Rajesh Radhakrishnan, Manipal University, India	17
229	<b>Antipsychotics use and risk of ischemic stroke in atrial fibrillation patients with dementia</b> Su Yong Ow, National Taiwan University, Taiwan	18

## ADR-reporting

230	<b>Impact of educational intervention to motivate the community pharmacists towards adverse drug reaction reporting and monitoring in south Indian district</b> Srikanth Siddalinge Gowda, M S Ramaiah University of Applied Sciences, India	19
232	<b>Improving spontaneous adverse drug reaction reporting among healthcare professionals: A systematic review</b> Walter-Rodney Nagumo, The University of Sheffield, United Kingdom	21

## Audit

233	<b>A cross section study on prevalence of neuro-psychiatric disorders and quality of life in post stroke patients</b> Kiron Sadanandan, Academy of Pharmaceutical Sciences, India	22
234	<b>Parenteral nutrition utilization at a bone marrow transplantation hospital</b> Kashif Ali Kandhro, Dow University of Health Sciences, Pakistan	23
235	<b>Inflammatory bowel disease in Australia: Patterns in use and costs of medicines</b> Christine Staatz, The University of Queensland, Australia	24
236	<b>Medication-use evaluation at a state-of-the-art neonatal intensive care unit of a south Indian tertiary care hospital</b> Krishna Undela, JSS University, India	25
237	<b>The effectiveness and safety of febuxostat in chronic kidney disease patients with hyperuricemia or gout</b> Chien-Huei Huang, National Cheng Kung University Hospital, Taiwan	26
238	<b>Retrospective evaluation of the clinical dose of vancomycin using different renal filament filtration rate formula</b> Pei-Ling Chiang, Chi Mei Medical Center, Taiwan	27
239	<b>Evaluation of non-selective beta-blocker use for primary and secondary prophylaxis of variceal haemorrhage in decompensated cirrhosis</b> Kelly Hayward, Princess Alexandra Hospital, Australia	28
240	<b>Use of hormone therapy for menopause in Australia over two decades: Does the change in evidence matter?</b> Rifani Bhakti Natari, The University of Queensland, Australia	29
242	<b>Assessment of treatment pattern and outcome in patients with cerebral venous thrombosis, a relatively uncommon type of stroke</b> Varsha Prabhu, Research Scholar, India	31
243	<b>Assessment of prevalence of primary headaches and associated risk factors amongst university residents: A prospective observational questionnaire based study</b> Sri Harsha Chalasani, M S Ramaiah University of Applied Sciences, India	32
244	<b>Prevalence and management of anemia in chronic kidney disease patients</b> Prasanna Kumar, Manipal University, India	33
245	<b>Efficacy of antiepileptic drugs for partial onset seizures and generalized onset tonic-clonic seizures: An overview of Cochrane reviews</b> Ting Cai, Peking University, China	34

Paper Number	Paper title Presenter	Posterboard number
246	<b>Using spatial analysis to explore the factors related to fatality among patients with ischemic stroke in Taiwan</b> Yen-Chun Lin and Ching-Lan Cheng, National Cheng Kung University, Taiwan	35
247	<b>Rational use of oral muscle relaxants in community hospitals and primary care hospitals: Results from nationwide health database</b> Penkarn Kanjanarat, Chiang Mai University, Thailand	36
248	<b>Assessment of rational drug use in patient with non-communicable diseases in public hospitals based on rational drug use hospital indicators</b> Penkarn Kanjanarat, Chiang Mai University, Thailand	37
249	<b>Socio-demographic profile, patterns and outcomes of poisoning cases in a tertiary care teaching hospital</b> Abhimanyu Prashar, JSS University, India	38
250	<b>Factors associated with non-steroidal anti-inflammatory drugs use: A community-based survey</b> Pongpan Suriyong, Burapha University, Thailand	39

## Drug-related problems

251	<b>Assessment of patients admitted for drug-related problems in cancer chemotherapy</b> Reshma Susan Reji, Manipal University, India	40
252	<b>Consequences of drug-related problems amongst the patients with polypharmacy</b> Maheswari Eswaran, Ramaiah University of Applied Sciences, India	41
253	<b>Initiation and evaluation of home medicines review program in Mysuru, a south Indian city</b> Ramesh Adepu, Vikas College of Pharmaceutical Sciences, India	42

## Adherence

254	<b>The effectiveness of accurate drug usage program by Thai traditional music toward drug knowledge and self-efficacy of Thai diabetic patients</b> Vanida Prasert, Meiji Pharmaceutical University, Japan	43
255	<b>A systematic review and meta-analysis of adherence and persistence among older (aged ≥65 years) statin users</b> Richard Ofori-Asenso, Monash University, Australia	44
256	<b>Risk indicators of non-adherence and discontinuation among older statin users: A meta-analysis</b> Richard Ofori-Asenso, Monash University, Australia	45
257	<b>Self-report of continued medication use by patients after a stroke</b> Judith Coombes, The University of Queensland, Australia	46
258	<b>Factors affecting non-adherence to anti-hypertensive drugs among hypertensive individuals in rural areas of Udupi Taluk: A cross-sectional study</b> Teena Joseph Chacko, Manipal University, India	47
259	<b>Study on medication adherence behavior and quality of life in elderly diabetic and hypertension patients in a tertiary care hospital</b> Katta Venkatesh Ramanath, SAC College of Pharmacy, India	48
260	<b>Pharmacoepidemiology of arterial hypertension in East Kazakhstan: Analysis of patient compliance to treatment</b> Aigerim Musina, Semey State Medical University, Kazakhstan	49
261	<b>Assessment of compliance to oral iron supplements amongst iron deficiency anaemic patients</b> Saraswathy Raja Lekshmi, Ramaiah University of Applied Sciences, India	50
262	<b>Prevalence and determinants of inadequate use of folic acid supplementation in Japanese pregnant women: The Japan environment and children's study</b> Taku Obara, Tohoku University, Japan	51
263	<b>Evaluation of alcoholism and smoking habits and its effects on adherence to HAART in people living with hiv in india</b> Rajesh Radhakrishnan, Manipal University, India	52

## Patient education

264	<b>Impact of patient education on interdialytic weight gain and blood pressure in patients undergoing Hemodialysis</b> Uday Venkat Mateti, Nitte University, India	53
265	<b>Development, validation and user-testing of patient information leaflets on diabetes and hypertension</b> Santosha Vooradi, Srinivas College of Pharmacy, India	54
266	<b>Antidepressants - the unanswered questions. Analysis of a consumer medicines call centre in Australia</b> Samantha Hollingworth, The University of Queensland, Australia	55

Paper Number	Paper title Presenter	Posterboard number
<b>Medication Safety</b>		
267	<b>Using electronic dispensing board reminder system to increase the dispensing accuracy in Taiwan</b> Hui-Yu Chen, Linkou Chang Gung Memorial Hospital, Taiwan	56
268	<b>Analysis of non-timing administration errors detected by bar-code medication administration system: Evidence from a medical center in Taiwan</b> Hui-Yu Chen, Linkou Chang Gung Memorial Hospital, Taiwan	57
269	<b>Workloads of pharmacists and the performances of pharmaceutical cares in Taiwan</b> Shih-Chieh Shao, Chang Gung Memorial Hospital, Taiwan	58
270	<b>Misadventures in methotrexate dosing</b> Andrew Case, Therapeutic Goods Administration, Australia	59
271	<b>Imputation of medication errors: Assessment of medication errors in a tertiary care teaching hospital</b> Sri Harsha Chalasani, M S Ramaiah University of Applied Sciences, India	60
<b>Misuse</b>		
272	<b>A study of usage pattern of prescription medications dispensed over the counter (OTC) in community settings of Mysuru City, India</b> Ambed Mishra, Rajiv Gandhi University of Health Sciences, India	61
273	<b>Negative outcomes associated with extramedical use of prescription opioid analgesics in Australia: A scoping review</b> Samanta Lalic, Monash University, Australia	62
<b>Cardiovascular</b>		
275	<b>Estimation of cardio-metabolic risk prediction profile in population without known cardiovascular and metabolic diseases in Surat district</b> Bhavin Vyas, Maliba Pharmacy College, India	64
276	<b>Utilisation and impact of the 'drug' in drug-eluting stents</b> Nicole Pratt, University of South Australia, Australia	65
277	<b>The proliferation of fixed dose combinations (FDCs) of cardiovascular medicines in Australia</b> Louise Bartlett, Department of Health, Australia	66
278	<b>Drug utilisation evaluation of antiarrhythmic drugs in patients with atrial fibrillation</b> Saraswathy Raja Lekshmi, Ramaiah University of Applied Sciences, India	67
279	<b>Changes in cardiovascular medication use in long-term care facilities in Finland over an eight-year period.</b> Natali Jokanovic, Monash University, Australia	68
280	<b>Lipid management in primary care using MedicineInsight data</b> Daniel Taylor, NPS MedicineWise, Australia	69
<b>Statins</b>		
281	<b>Statin induced cataract in cardiovascular patients: A retrospective cohort study of a tertiary healthcare facility</b> Sonal Sekhar Miraj, Manipal University, India	70
282	<b>Effectiveness of generic versus branded rosuvastatin for treatment of dyslipidemia at a hospital in southern Taiwan</b> Chih-Jen Cheng, Kaohsiung Veterans General Hospital, Taiwan	71
<b>Antithrombotics</b>		
283	<b>Occurrence, causes, and outcome after switching from ticagrelor to clopidogrel in real world: Focused on ticagrelor-related dyspnea</b> Yiming Hua, Chi-Mei Medical Center, Taiwan	72
284	<b>Analysis of warfarin usage and INR control in atrial fibrillation: A retrospective study</b> Florence James, Manipal University, India	73
285	<b>Evaluation of appropriate use of anti-coagulants in patients with atrial fibrillation</b> Saraswathy Raja Lekshmi, Ramaiah University of Applied Sciences, India	74
286	<b>Comparison of antiplatelet in preventing major adverse cardiovascular events among male patients with coronary heart disease after percutaneous coronary intervention</b> Hendra Nuramin, Fakultas Kedokteran - Universitas Lambung Mangkurat, Indonesia	75
<b>Diabetes</b>		
287	<b>Comparisons of diabetic retinopathy events associated with glucose-lowering drugs in T2DM patients: A systematic review and network meta-analysis</b> Guangyao Li, Peking University, China	76
288	<b>Metformin-associated risk of liver injury in patients with type 2 diabetes mellitus: A cohort study</b> Yang Xu, Peking University, China	77

<b>Paper Number</b>	<b>Paper title Presenter</b>	<b>Posterboard number</b>
289	<b>Drug utilization of anti-diabetic medications in patients with type 2 diabetes mellitus from 2010-2017 in Yinzhou, China</b> Yixin Sun, Peking University, China	78
290	<b>Systematic review of studies on type 2 diabetes mellitus case definitions from Taiwan national health insurance research databases</b> Yi-Chien Sung, Linkou Chang Gung Memorial Hospital, Taiwan	79
291	<b>The impact of dipeptidyl peptidase-4 inhibitors (dpp-4i) on depression among type 2 diabetes mellitus (T2DM): A systematic review and network meta-analysis</b> Yang Jun, Peking University, China	80
292	<b>Utilization of sodium-glucose cotransporter 2 inhibitors in patients with type 2 diabetes mellitus: Evidence from a medical center in Taiwan</b> Kai-Cheng Chang, Linkou Chang Gung Memorial Hospital, Taiwan	81
293	<b>Impact of dipeptidyl peptidase-4 inhibitors (dpp-4i) on headache and dizziness among type 2 diabetes: A systematic review and network meta-analysis</b> Le Gao, Peking University, China	82
294	<b>Impact of glucagon-like peptide-1 receptor agonists (glp-1ras) on hypoglycemia among type 2 diabetes: A systematic review and network meta-analysis</b> Le Gao, Peking University, China	83
295	<b>SGLT2 inhibitors and diabetic ketoacidosis - review of product information and comparison with American college of endocrinology position statement</b> Genevieve Gabb, Royal Adelaide Hospital, Australia	84

## Case Study

296	<b>Pioglitazone treatment on non-alcoholic fatty liver disease: Case description</b> Hsiang Ju Huang, Chi Mei Medical Center, Taiwan	85
-----	---	----

## Elderly care

297	<b>An Australian perspective on medication-related quality of care (MRQOC) in residential aged care</b> Jodie Hillen, University of South Australia, Australia	86
298	<b>Are medications and prescribing patterns associated with hospitalisation risks in residents of aged care facilities? A systematic review</b> Kate Wang, Monash University, Australia	87
299	<b>Are medications associated with fall-related hospital admissions from residential aged care facilities? A case-control study</b> Tali Ryan-Atwood, Monash University, Australia	88
300	<b>The association between polypharmacy and the incidence of falls, fractures and weight loss in Australian residential aged care facilities</b> Jenni Ilomaki, Monash University, Australia	89
301	<b>Development and implementation of three strategies to address polypharmacy in residential aged care services</b> Leonie Picton, Monash University, Australia	90
302	<b>What we know about the association between frailty and medicines use among community-dwelling older people: A literature review</b> Imaina Widagdo, University of South Australia, Australia	91
303	<b>Development and validation of an implicit tool to simplify medication regimens in residential aged care</b> Esa Chen, Monash University, Australia	92
304	<b>Potentially inappropriate medication of geriatric patients in community hospital, Thailand</b> Vanida Prasert, Meiji Pharmaceutical University, Japan	93

## Hepatitis C

305	<b>Rapid virological responses of direct-acting antiviral agents in chronic hepatitis c patients in Taiwan</b> Sian-De Liu, Linkou Chang Gung Memorial Hospital, Taiwan	94
306	<b>Budget impact and cost-effectiveness analyses of direct-acting antivirals for chronic hepatitis C virus infection in Hong Kong</b> Xue Li, The University of Hong Kong, Hong Kong	95

## Proton Pump Inhibitors

307	<b>Proton pump inhibitor (PPI) utilization pattern in US, UK, and Japan: A cross-national drug study</b> Ting Zhang, Johnson & Johnson, China	96
308	<b>The association between proton pump inhibitors and myocardial infarction: A self-controlled case series study</b> Angel YS Wong, The University of Hong Kong, Hong Kong	97
309	<b>Retrospective assessment of the influence of proton pump inhibitors on the patient renal function</b> Tsung-Hsien Huang, Chi Mei Medical Center, Taiwan	98

Paper Number	Paper title Presenter	Posterboard number
<b>Cancer care</b>		
310	<b>Evaluation of the acute biochemical changes and incidence of infections associated with chop with or without rituximab in DLBCL patients</b> Kashif Ali Kandhro, Dow University of Health Sciences, Pakistan	99
311	<b>Risk factors of treatment-related peripheral neuropathy in patients with multiple myeloma</b> Jia-Shan Chou, National Taiwan University, Taiwan	100
312	<b>Comparison of efficacies between Gefitinib and Erlotinib in the treatment of EGFR-mutated NSCLC in Macau – a retrospective analysis</b> Pui I Chao, Centro Hospitalar Conde De São Januário De Macau, China	101
313	<b>Application of state-space model to terms questionnaires' results</b> Tatsuya Takagi, Osaka University, Japan	102
314	<b>Development and evaluation of onconurse practice- a smartphone application for oncology nurses</b> Reena Joseph Chacko, Department of Pharmacy Practice, India	103
315	<b>Role of clinical pharmacist in rational usage of anti-cancer drugs in patients with lung cancer</b> Aakanksha Sharma, JSS University, India	104
316	<b>Chemotherapy utilization among NSCLC patients after first-/second-line tyrosine kinase inhibitor treatment failure: Findings from nationwide data in Taiwan</b> Jen-Yu (Amy) Chang, National Taiwan University, Taiwan	105
317	<b>Alcohol intake, gene polymorphisms of alcohol metabolizing enzymes and the risk of colorectal cancer</b> Yi An Wu, National Taiwan University, Taiwan	106
318	<b>Evaluation of treatment patterns and resulting utility in patients of head and neck cancers under private payment and government scheme</b> Avinash Khadela, Maliba Pharmacy College, India	107
319	<b>Drug related problems experienced by cancer patients undergoing cancer</b> Harinder Singh, Baba Farid University of Health Sciences, India	108
320	<b>Detection of HBV, HCV and incidence of febrile neutropenia associated with chop with or without rituximab in DLBCL treated patients</b> Kashif Ali Kandhro, Dow University of Health Sciences, Pakistan	109
<b>Anti-infectives</b>		
322	<b>Usage of anti-infectives at a neonatal intensive care unit of a south Indian tertiary care hospital</b> Krishna Undela, JSS University, India	111
323	<b>Predisposing factors, incidence and severity assessment of antibiotic-induced hypersensitivity reactions in inpatients of a tertiary care hospital in India</b> Ambed Mishra, Rajiv Gandhi University of Health Sciences, India	112
324	<b>Trends of antibiotic consumption after the implementation of a 3-year national antibiotic stewardship action plan in China</b> Xiaodong Guan, Peking University, China	113
325	<b>Antibiotic use in China after the national antibiotic stewardship program</b> Houyu Zhao, Peking University, China	114
326	<b>Sensitivity and usage patterns of reserved antibiotics in the intensive care unit of a tertiary care teaching hospital</b> Sreedharan Nair, Manipal University, India	115
327	<b>Antibiotic prescription guide as a tool for rational use of medicines in dental practice: Simple but powerful</b> Farsai Chanjaruporn, Mahidol University, Thailand	116
328	<b>Prescribing pattern of antibiotics for acinetobacter infection therapy in a tertiary care hospital</b> Kavitha Elsa Varghese, Manipal University, India	117
329	<b>A prospective study on adverse drug reactions associated with antibiotics usage in a tertiary care teaching hospital</b> Prashanth Palakurthy, Talla Padmavathi College of Pharmacy, India	118
330	<b>Optimizing antibiotic dosing by clinical pharmacist in renal impairment</b> Rajesh Vilakkathala, Manipal College of Pharmaceutical Sciences, India	119
331	<b>Burden of pneumonia in Hong Kong adults</b> Joseph Blais, The University of Hong Kong, Hong Kong	120

Paper Number	Paper title Presenter	Posterboard number
<b>Antipsychotics</b>		
332	<b>Patterns of antipsychotic use among patients with schizophrenia: A Japan medical data center health insurance claims database analysis</b> Darmendra Ramcharan, Janssen Research and Development Global Epidemiology, United States	121
333	<b>Evaluating the effect of the veterans' mates program on the prescribing of antipsychotics in the elderly</b> Jemisha Apajee, University of South Australia, Australia	122
334	<b>Prescribing trend of antipsychotic in Hong Kong: From 2004 to 2014</b> Shijian Lao, The University of Hong Kong, Hong Kong	123
335	<b>The association between prescribed atypical antipsychotic drugs and hyperglycemic diabetic complications</b> Nisrine Haddad, University of Ottawa, Canada	124
336	<b>Incidence of clozapine induced myocarditis among people treated in a state-wide mental health service: A multicentre study protocol</b> Jessica Dawson, Monash University, Australia	125
<b>Traditional medicines</b>		
337	<b>The effect of pomegranate on oxidative stress and systemic inflammation in patients with hemodialysis: A systematic review and meta-analysis</b> Piyameth Dilokthornsakul, Naresuan University, Thailand	126
338	<b>The clinical efficacy of Sacha Inchi on lipid profile: A systematic review</b> Piyameth Dilokthornsakul, Naresuan University, Thailand	127
<b>Methods</b>		
340	<b>Evaluation of underlying dose-effect as a source of heterogeneity in meta-analyses: A simulation study of bayesian hierarchical network meta-analysis models</b> Yang Jun, Peking University, China	129
341	<b>Prescription data topic model using latent dirichlet allocation</b> Lin Zhuo, Peking University, China	130
342	<b>Validity of electronic hospital discharge prescriptions as a source of medication data for pharmacoepidemiological research</b> Laura Fanning, Monash University, Australia	131
343	<b>International pharmaceutical informatics initiative to assess treatment use and outcomes across countries: Report of progress</b> Gang Fang, University of North Carolina at Chapel Hill, United States	132
344	<b>Comparison of various severity assessment scoring systems in patients with sepsis</b> Vijayanarayana Kunhikatta, Manipal University, India	133
345	<b>G-estimation of structural nested mean models for competing risks data using pseudo-observations</b> Shiro Tanaka, Graduate School of Medicine Kyoto University, Japan	134
346	<b>Drug utilization studies and the use of defined daily dose classification system in the who-searo region: A systematic review</b> Manthan Mehta, Topiwala National Medical College, India	135
347	<b>Identifying barriers and priority areas for building workforce capacity in pharmacoepidemiology research in Australia</b> Derrick Lopez, The University of Western Australia, Australia	136
<b>Policy</b>		
348	<b>Research on the availability and affordability of anti-HIV drug in China</b> Jing Chen, Guoxu Wei and Lunwen Shi, Peking University, China	137
349	<b>Pharmacist role in managing pharmacy unit related to Indonesian standard of minimum services in public hospital in Bandung</b> Angga Kautsar, Universitas Padjadjaran, Indonesia	138
350	<b>Influence of government regulation and deregulation on the price of anticancer drugs in China</b> Mingchun Yang, Peking University, China	139
351	<b>Will the generic entry reduce the price of brand-name drugs? — A case study in China</b> Ye Tian, Peking University, China	140
352	<b>A study on approval lag of innovative new drug in China</b> Jing Chen, Peking University, China	141
