nirf 2022 | JSS Medical College - 34th • JSS Dental College & Hospital - 12th • JSS College of Pharmacy, Mysuru - 8th • JSS College of Pharmacy, Ooty - 6th

About Asian Conference on Pharmacoepidemiology

The Asian Conference on Pharmacoepidemiology (ACPE) is an annual event that brings together researchers, healthcare professionals, policymakers, and other stakeholders to discuss the latest trends and developments in the field of pharmacoepidemiology. This conference plays a crucial role in advancing the understanding of drug safety and effectiveness, as well as improving the quality of healthcare delivery across the Asia Pacific region.

Pharmacoepidemiology is a rapidly evolving field that involves the study of the use, effects, and outcomes of medications in large populations. By examining real-world data, researchers can identify potential risks and benefits of different medicines and make evidence-based recommendations for their use. This is particularly important in the Asia Pacific region, where there is a growing need for more effective and efficient healthcare solutions. The ACPE provides an opportunity for researchers to share their findings, discuss best practices, and collaborate on future research projects. By bringing together experts from a variety of fields, this conference helps to promote interdisciplinary collaboration and foster innovation in the field of pharmacoepidemiology.

About International Society of Pharmacoepidemiology

The International Society for Pharmacoepidemiology (ISPE) is a non-profit organization founded in 1985. ISPE promotes the advancement of pharmacoepidemiology, which studies drug utilization, safety, effectiveness, and value in populations. Members of ISPE represent a diverse group of professionals from various scientific disciplines. ISPE provides education and training programs, scientific publications, funding opportunities, and advocacy for pharmacoepidemiology. The organization hosts conferences and symposia, including the leading scientific journal, Pharmacoepidemiology and Drug Safety. ISPE works closely with regulatory agencies, academic institutions, and industry partners to develop guidelines and standards for conducting pharmacoepidemiologic research and translating research findings into clinical practice and public health policies.

About JSS Academy of Higher Education & Research, Mysuru

JSS Academy of Higher Education & Research (JSS AHER) is a leading higher education institution situated in Mysuru, Karnataka, India. The academy was established in 2008, and since then, it has become a renowned hub of health sciences education. The academy offers a diverse range of programs in various Faculties such as Medicine, Biomedical Sciences, Pharmacy, Dentistry, Life Sciences, Management Studies, and Yoga. JSS AHER has been recognized by the Ministry of Education and has been accorded the prestigious Category-I Deemed-to-be University by the University Grants Commission (UGC). The academy has also received an A+ Grade accreditation from the National Assessment and Accreditation Council (NAAC) and is ranked among the top fifty Universities in India by the National Institutional Ranking Framework (NIRF).

JSS AHER comprises JSS Medical College, JSS Dental College and Hospital, JSS College of Pharmacy at the main campus in Mysuru, and a pharmacy college in Ootacamund, Tamil Nadu. The academy has also broadened its scope in the field of health sciences by establishing the Faculty of Life Sciences and Faculty of Health System Management Studies. The academy's quality and excellence have been benchmarked by international ranking and rating agencies. JSS AHER has been ranked among the World's top universities by Times Higher Education (THE) World Rankings, THE Impact Rankings, and QS World University Rankings. The academy has achieved a significant milestone by being the only university in India to be ranked in the top 150 in clinical and health studies of the Times Higher Education's World University Rankings by Subject 2022. Academy is also ranked in the range 101 - 150 and second in India in the subject area Pharmacy and Pharmacology by QS subject ranking 2022.

About JSS Colleges of Pharmacy, Mysuru & Ooty

JSS Colleges of Pharmacy in Mysuru and Ooty (JSS CPM&O) are renowned colleges under JSS AHER. These colleges have established themselves as leaders in pharmacy education and research in India, earning the reputation of "Laboratory of Pharmacy Education". Their focus is on providing quality education, training, and research that promotes lifelong learning. They have introduced innovative programs such as postgraduate program in Pharmacy Practice and Pharm.D program. The colleges are equipped with top-notch research and teaching laboratories, and their Drug Testing Laboratory is approved by the Government of Karnataka and accredited by National Accreditation Board for Testing and Calibration Laboratories. The colleges are accredited by NBA and have achieved the distinction of being the only institution in India to have their Pharm.D program accredited by Accreditation Council for Pharmacy Education, USA. They have consistently ranked among the top 10 Pharmacy Institutions in India for six consecutive years, and currently, JSSCPM and JSSCPO are placed at the 8th and 6th positions respectively among pharmacy colleges in the country, as ranked by the National Institutional Ranking Framework, Ministry of Education, Government of India.

About Indian Association of Colleges of Pharmacy

The Indian Association of Colleges of Pharmacy (IACP) registered under sec 10 of the Tamilnadu Societies Registration Act 1975 is a National organization whose mission is to serve its member colleges and their respective faculties, by acting as their advocate at the National level, by providing forums for interaction and exchange of information among its members, by recognizing outstanding performance among its member educators and by assisting member colleges and schools in meeting their mission of educating and training pharmacists and pharmaceutical scientists.
